

COOS BAY HARBOR SAFETY COMMITTEE

NORTH BEND/COOS BAY

CBNBHarborSafetyCommittee@gmail.com

August 11th, 2026, 1300hrs

Port Commission Chambers, 125 Central Ave, Suite 230, Coos Bay, Or 97420

1. Call Meeting to Order: Very small turnout for meeting due to ship activity. Chair was not at the meeting; Pat Goll called meeting to order.
2. Introduction of Attendees: Low number of in person attendees and several online from the Coast Guard and CNB Security. Chair was unable to attend.
3. Re-evaluation of Board Members: We will need to continue to reevaluate our members due to absenteeism.
4. Update on Dredging: Unified Dredging Permit: We are currently waiting for the letter for Ocean Terminals and the results for the GMA sediment. So far, everything is on schedule.
5. PCIP/North Spit Container Project/GP Prospects: No update.
6. CBRC Updates: DEQ is open to providing monetary assistance but waiting on further communication and approval before announcing an amount.
7. Regional Harbor Safety Conference Overview: Pat was able to attend again this year but would like to have other members attend next year. At the regional conference they went over updates and typical audience/committee members. They were thrilled that we had a member from the commercial fisherman community.
8. Open Discussion: No open discussion items.
9. Next Meeting Date, Time, Place: Early in October, but MacKenzie can pick a date and send out an invite.
10. Adjourn: Meeting adjourned at 1330hrs.
